3. Information right pursuant to § 131 para. 1 AktG (German Stock Corporation Act)

At the General Meeting any shareholder or shareholder's representative is entitled to request information from the Executive Board on issues relating to the Company and the Company's legal and business relations to associated companies, insofar as the information is necessary for the proper assessment of an item of the Agenda. The information request has to be made in German language. The requested information must be a substantial requirement for reasonably evaluating an Agenda Item, from the perspective of a reasonable shareholder being aware of the relationships of the Company on the basis of publicly available information. Since the consolidated Annual Financial Statements and Management's Report on the Group will be presented at the Annual general meeting 2011, the obligation to provide information also extends to the state of the Group. Matters of the Company's affiliated are also subject to the information right to the extent they have substantial relevance and can therefore be regarded as matters of the Company.

The Executive Board may refrain from answering certain questions for reasons stated in § 131 para. 3 AktG (German Stock Corporation Act).

The information right can be exercised in the Annual General Meeting without being required a prior announcement or any other notification.
